

EVOLUTION FITNESS

Based in Castle Douglas, Evolution Fitness is a fully equipped gym with top of the line facilities for personal training and group fitness classes. Whether you're looking to workout alone or with a group, Evolution Fitness has everything you need to achieve your fitness goals.

Objectives

Evolution Fitness wanted to ensure that gym-goers could exercise in a secure and enjoyable environment.

Couldn't recommend Corona IT enough, they were great during the whole process, starting with the initial plan and design to the installation and even the aftercare services. I couldn't fault one bit of it and look forward to working with them for future projects

JACK JOHNSTONE

Evolution Fitness

The project

CCTV

We set up a CCTV system that keeps a watchful eye on both the interior and exterior spaces of the gym. With this installation in place, staff and members of Evolution Fitness can feel safe and secure at all times.

IT Consultancy

We provided IT consultancy to Evolution Fitness to discuss ways they could enhance their day-to-day operations by using a management solution specifically designed for gyms. Some of the time-saving features included access door controls and membership collections.

Audio System

'Music has a way of energising people and provides an extra boost during workouts and that's why Evolution Fitness wanted us to install an audio system in their gym. It helps their members stay motivated during their workouts
